

Metacon Gun Clubs

IDPA

Northeast Combat Pistol League

SCENARIO: You have just returned from the range and hear a noise as you place your shooting bag on the table. You decide to investigate with a loaded gun. Using cover you encounter hostiles as you search for your significant other.

DESCRIPTION: Shooter starts with gun and mags in bag which is placed on the table facing downrange. Bag is zipped closed and gun is EMPTY, mags are loaded. At buzzer shooter unzips bag and retrieves gun and mags. Mags can be placed in vest or pants pockets, NOT IN MAG HOLDERS. Shooter loads gun and utilizing cover and slicing the pie shooter engages targets from both sides of cover with 3 rounds each.

SET-UP: Bag used for gun and mags must be zippered. Watch shooters muzzle direction when loading and moving at all times.

Concealment is required

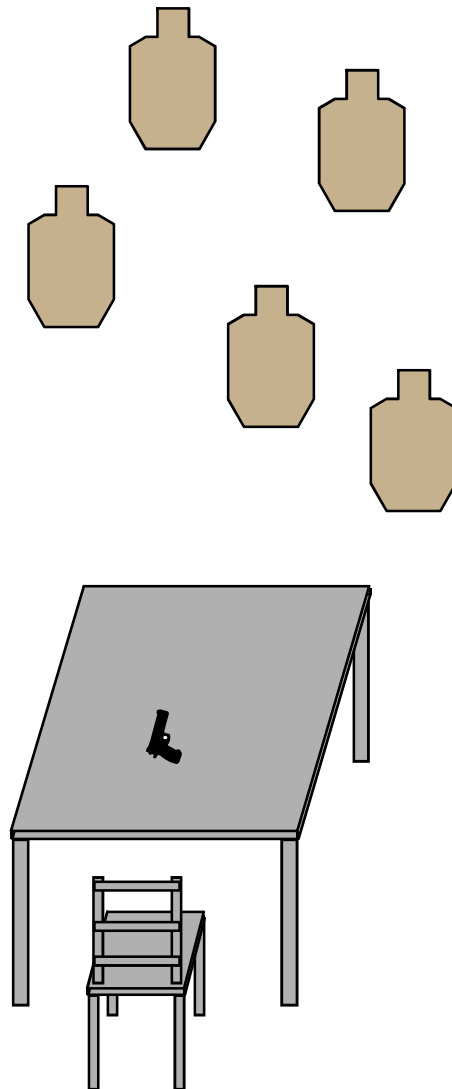

18 rounds minimum

Vickers Count

Metacon Gun Clubs

Northeast Combat Pistol League

Shooters starts with loaded gun on table and hands at side. All reloads come from belt or pocket

At buzzer shooter draws and engages each target with 1 round and re-engages each target with 2 rounds. At least one round must be in the head of each target. All shooting is done from seated.

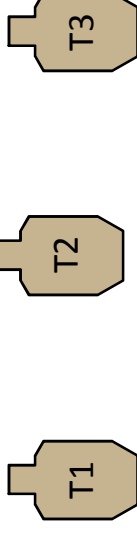

Vickers count

15 rounds

Concealment required

Stage 3

If the match runs smoothly and there is sufficient time, this will be stage 3 of the match.

A Bit of a Challenge

Limited Vickers Count

Rounds: 18

Start with hands at side at P1 with gun loaded to division capacity in holster. At the buzzer, engage each target with two shoots from one side of the barricade. Reload with retention then engage each target with two shoots from the other side of the barricade. Reload with retention and while advancing to low cover behind the barrel at P2, engage each target with one shot. At low cover, engage each head with one shot.

For safety

- Do not crowd cover
- If you have horrible knees, feel free to take a procedural and shoot the head shots standing.
